

THE MUSTANG POST

August 26, 2022

Dear Parents,

We are off and running. Students have begun their academic work in earnest. Please access Infinite Campus anytime you would like an update on their progress.

There has been a great deal of interest in beginning an Esports team through CHSAA. We are trying to work out the details before the opening of the season on September 9th. Thursday, September 8 at 6:00 p.m. we will host our High School Parents Classical Education Night from 6:00-7:30 p.m. It is important that you understand what makes Classical education different from the neighborhood high school. We will present a brief overview of Classical Education and have you participate in a socratic seminar as well as enjoy a time of fellowship over dessert.
