 - b. This years survey, the SAC received 339 responses (222 '24)(137 '23) (209 '22)
This is 117 more than 2023-24 school year, which is a 53% increase in parent participation. We obtained 48% (78.6% '24, 22% '23, 37% '22) participation rate from the Grammar School parents/guardians, 44% (37.3% '24, 21% '23, 39% '22) from the middle school parents/guardians, and 32% (19.5% '24, 16% '23, 42% '22) from the High School parents/guardians. NOTE: The numbers do not take into account the families with more than 1 child in E, MS or HS. The survey yielded a mixed overall response, with both positive feedback and opportunities for improvement that are clearly defined.
