

THE MUSTANG POST

5/4/2023

Dear Parents,

Happy Friday! You all have some great kids! The music last night was delightful. Our sports teams have played their hearts out this season. The senior capstones were among the best we have heard. Prom was a blast and everyone looked gorgeous.

This Tuesday 5/9 is the athletic banquet and Thursday 5/11 is the Academic Award night. Senior breakfast and walk is Thursday morning and Graduation is Friday night. Hyperion House, led by Coach Kami, won the House cup this year. They are going to go to lunch and play mini golf today. There is one field trip left as Astronomy students visit Fiske Planetarium Wednesday. Finals will be May 17-18.

It's been a good year; a little bumpy at times as we help students grow in knowledge, relationships, and wisdom. We appreciate the tremendous support we get from our parents. I believe you understand what we are trying to accomplish here and stand with us.

As our seniors move on to the next stage in life, we wish them well and are proud to count them as Addenbrooke alumni. Most of you, we will welcome back in the fall but for those of you who plan to move over the summer or have made other educational decisions for next year, know we will miss you and that you always have a place in the Addenbrooke community. Enjoy these last two weeks of school and have a great summer.

Respectfully,
Mrs. Lamgo

Surrounded by hundreds of acres of lush Caribbean countryside, Hacienda 8A provides a prime setting to discover more about the agriculture of Puerto Rico. At this family-run ranch, travelers will learn how to care for the on-site horses, create crafts using local materials, and participate in an agricultural activity, such as planting or composting. They'll also enjoy a lunch of traditional Puerto Rican cuisine, with the island's natural wonders as the backdrop.

EL MORRO

Construction on this Old San Juan fort began all the way back in the 16th century, just 50 years after Columbus arrived in the New World. Overlooking San Juan Bay, the wide open fort has cannonballs, parapets, sentry boxes, tunnels, and staircases to explore. Since the time it was built, the fort has seen more than its fair share of action, having defended itself against everyone from Sir Francis Drake in 1595, to the Dutch, British, and American militaries in the centuries that followed. Today, El Morro is a World Heritage Site maintained by the U.S. National Parks Service.
