

9-3-21

Dear ACA High School Parents,

**Clarification about attendance on Fridays**

Last year, because of all things Covid, Friday was for struggling students. This year, we are back to normal and Friday is a regular school day. If a student has concurrent enrollment classes, they do not need to be at Addenbrooke until their Addenbrooke classes meet, but once they are here, they should not leave until they have attended all their Addenbrooke classes. They may leave at that point but only after parent permission has been registered with Ms. Katherine at the front desk.

I apologize for any misunderstanding about Dress Out of Uniform Day. The high school does not participate in that event, it is strictly for PK-8. We will have spirit week, the week of Sept. 20, and student government will designate various themes for dress each day that week.

Two microwave ovens are now available in the Commons for lunch. We are unable to provide paper plates, bowls, silverware and other such accoutrements for food preparation so please send any necessary items with your child.

This Thursday, September 9, from 6:30 p.m. to 8:00 p.m., PACS is hosting an informational night for high school parents. Mr. Ric Netzer, our new executive director, will be in attendance so you can get to know him. I will present a lecture on "Introduction to Classical Education" for those who want a deeper understanding of our philosophy of education. Dessert will be provided by PACS.
